

**NOTICE OF COMMENT PERIOD AND PUBLIC MEETING
HAZARDOUS WASTE STORAGE FACILITY CLASS 1 and CLASS 2 PERMIT
MODIFICATION
RHO-CHEM, LLC**

Rho-Chem, LLC operates a facility at 425 Isis Ave, Inglewood, CA 90310 which recycles, treats, transfer and stores hazardous waste received from off-site generators. On September 7, 2011. Rho-Chem, LLC submitted a Class 1 and Class 2 permit modification to its Hazardous Waste Facility Permit to the Department of Toxic Substances Control (DTSC). According to Title 22 California Code of Regulations 66270.42, a Class 2 permit modification requires DTSC approval before it may be implemented. The permit is being modified to revise the type and size of containers stored at the facility. The Class 1 modification pertains to change in personnel in the emergency contact list of the facility.

DTSC will be accepting written comments on this Class 1 and Class 2 permit modification from September 14, through November 16, 2011. Comments may be mailed or emailed to the DTSC contact person listed below. All documents related to this permit modification may be viewed at the document repository locations listed below. A public meeting hosted by Rho-Chem, LLC will take place on Wednesday, September 28, 2011 from 5:30pm-7:30 pm at the Inglewood Public Library located at 101 West Manchester Blvd, Inglewood, CA 90301. At this meeting, representatives from Rho-Chem, LLC will be present to explain the proposed permit modification and answer questions. All comments must be sent to DTSC. Rho-Chem's compliance history during the life of the permit is available from the DTSC contact person listed below.

Project documents can be viewed at the information repository located at the Inglewood Public Library, 101 West Manchester Blvd, Inglewood, California 90301, and (323) 412-5380. The administrative record on the facility is available by appointment only at the DTSC Regional Office, Monday through Thursday, at 9211 Oaksdale Ave, Chatsworth, CA 91311. Call (818) 717-6680 to make an appointment.
